

At JCurve, we're on the lookout for professionals to join our expanding Service Delivery team – typically in the capacity of Professional Services Consultants and Support Consultants.

If you're skilled, passionate, and want to work in a positive and dynamic workplace environment that prides itself on cultivating a great team culture, then we want to hear from you.

As the Australian and New Zealand exclusive small business partner of NetSuite, we're expanding and experiencing growth which means we're currently seeking:

Professional Services Consultants

Are you skilled in NetSuite or ERP systems and seeking your next career step?

JCurve Professional Service Consultants are responsible for delivering high quality professional services to JCurve customers. This typically includes new JCurve implementations, training and ad-hoc service work.

As a JCurve Professional Services Consultant you will be balancing multiple projects simultaneously, at any given time, with a commitment to getting customers live on the JCurve platform utilising JCurve delivery methodologies; whilst maintaining excellence in customer satisfaction.

As a key member in the Service Delivery team you will also be working closely with our Sales and Support teams – providing expertise during the pre-sale process and guidance to the support team.

About JCurve

JCurve was formed to help small businesses grow, by using our award-winning software to increase their sales, effectively manage costs and reduce business inefficiencies which affect the bottom line.

Our cloud based business management solutions are designed for companies who may have outgrown their accounting only software or who are currently working with multiple, disparate systems. Bringing together real-time information, JCurve provides the right reporting and cross platform visibility to make informed and timely business decisions with access to your important data from anywhere, at any time.

JCurve is the Australian and New Zealand exclusive small business partner of NetSuite, the world's number one cloud ERP business software suite and is used by a number of high profile customers both nationally and internationally.

We are publicly listed on the ASX and going from strength to strength with continued rapid growth forecasted. We have a culture focused around celebrating each other's successes, taking decisive action and acting as one.

Interested?

To apply or to express your interest in joining us, please send your CV along with a cover letter to hr@jcurve.com.au
