

Position – (NetSuite Solutions Consultant)

Are you skilled in NetSuite and seeking your next career step?

Would you like to work in a positive and dynamic workplace environment that prides itself on cultivating a great team culture? If so, then this could be the opportunity you've been waiting for.

About JCurve Solutions

JCurve Solutions (JCS) was formed to empower business growth and profitability, through our award-winning business software products that more effectively manage costs, reduce business inefficiencies and improve the bottom line.

Our cloud-based ERP and TEMS business management solutions are designed for companies who may have outgrown their accounting only software, are working with multiple, disparate systems, or simply looking to improve their business performance.

The ERP solutions we provide include the #1 global cloud ERP business software suite, NetSuite, of which we're one of Australia's largest partners, an exclusive small business edition of NetSuite, JCurve ERP, and MYOB Advanced.

JCS is publicly listed on the ASX and going from strength to strength, with continued growth forecasted. The JCurve Solutions culture concentrates on celebrating each other's success, taking decisive action and acting as one.

The Role

You will be working out of our Sydney office, responsible for preparing and delivering high quality presales services to JCurve prospects

You will be balancing multiple opportunities simultaneously, at any given time, conducting discovery sessions, producing proposals, conducting product demonstrations and defining delivery services required.

Skills & Attributes
