

Position – (Senior Consultant)

Are you skilled in NetSuite service delivery and seeking your next career step?

Would you like to work in a positive and dynamic workplace environment that prides itself on cultivating a great team culture? If so, then this could be the opportunity you've been waiting for.

About JCurve Solutions

JCurve Solutions (JCS) was formed to empower business growth and profitability, through our award-winning business software products that more effectively manage costs, reduce business inefficiencies and improve the bottom line.

Our cloud-based ERP and TEMS business management solutions are designed for companies who may have outgrown their accounting only software, are working with multiple, disparate systems, or simply looking to improve their business performance.

The ERP solutions we provide include the #1 global cloud ERP business software suite, NetSuite, of which we're one of Australia's largest partners, an exclusive small business edition of NetSuite, JCurve ERP, and MYOB Advanced.

JCS is publicly listed on the ASX and going from strength to strength, with continued growth forecasted. The JCurve Solutions culture concentrates on celebrating each other's success, taking decisive action and acting as one.

The Role

You will be working out of our Melbourne office, responsible for delivering high quality professional services to JCS customers. This typically includes new implementations, training and ad-hoc service work.

You will be balancing multiple projects simultaneously, at any given time, with a commitment to getting customers live utilising JCS delivery methodologies; whilst maintaining excellence in customer satisfaction.

You will also be working closely with our Sales and Support teams – providing expertise during the pre-sales process and guidance to the support team and will be involved in account management initiatives.

Skills & Attributes

- Ability to implement JCurve ERP / NetSuite accounts
- Strong verbal and written communication
- Ability to understand and brief technical requirements
- A desire to go the extra mile to ensure customer needs and expectations are met
- Problem solver
- 'Can-do' attitude
- Professional approach
- Team player

What's On Offer?

This is an exciting opportunity to join a market leading cloud software solutions provider poised for accelerated with a strong focus on company culture and growth. If you are looking to build your industry knowledge, work with a passionate and forward-thinking team, and define your career in the rapidly expanding cloud software market, we want to hear from you.

You will join a company of dedicated, enthusiastic individuals who enjoy working as one and celebrating each other's successes, within a team that values collaboration, trust, and making it happen.

How to Apply?

Send your resume, a short introduction and the details of the position or area for which you're applying to hr@jcurve.com.au - we look forward to hearing from you!
