

JCurve Solutions is looking for a Professional Services Consultant in Australia

Who is JCurve Solutions

JCurve Solutions brings the right cloud technology and talented people together. Then we help companies achieve greater business success. You know, because together, we're all more successful. Want to know more? Check us out [[here](#)]

What is the role?

Our Professional Services Consultants are responsible for the high quality service delivery of JCurve Solutions (JCS) products and solutions.

Who is the ideal person for this role?

Somebody who is passionate about Cloud Business solutions, and helping businesses improve and grow. Somebody who is passionate about culture. Somebody who can live our values [[here](#)]. And of course passionate about Service Delivery. Because the role involves all the stuff you would expect:

- Knowledge of Cloud Business solutions
- Responsible for the implementation of JCurve products and solutions (NetSuite implementation experience desirable)
- Ability to run business requirements gathering workshops with key stakeholders
- Experience in documentation of business processes with solution recommendations
- Ability to understand and brief technical requirements
- Conduct product demonstrations where required

How to apply

Send your resume, a short introduction and the details of the position or area for which you're applying to hr@jcurvesolutions.com. We can't wait to hear from you!
