The Board considers that the essential responsibilities of the Directors are to oversee JCurve Solutions' activities for the benefit of its shareholders, employees and other stakeholders and to protect and enhance shareholder value.

The Board has established a charter, which clearly establishes the relationship between the Board and management and describes their functions and responsibilities.

In accordance with the Board Charter, the key responsibilities of the Board include:

Matters delegated to the CEO include:

- Recommend to the Board significant operational changes, and major capital expenditure, acquisitions or divestments which are beyond delegated thresholds;
- Provide the Board with accurate, timely and clear information on the Company's operations to enable the Board to perform its responsibilities; and
- Support a culture with the Company that promotes ethical and responsible behaviour.

Board composition

The composition of the Board shall be determined in accordance with the following principles and guidelines:

- The Board shall comprise at least 3 Directors, increasing where additional expertise is considered desirable in certain areas;
- The Chairman should be an independent non-executive;
- The Board should comprise a majority of independent non-executive Directors; and
- Directors should bring characteristics which allow a mix of qualifications, skills and experience.

Under the Constitution the Chairman has a casting vote in the case of an equality of votes.

The Company complied with the recommendation for the full year.

The composition of the Board is reviewed regularly to ensure the appropriate mix of skills and expertise is present to facilitate successful strategic direction.

In appointing new members to the Board, consideration is given to the ability of the appointee to contribute to the ongoing effectiveness of the Board, to exercise sound business judgement, to commit the necessary time to fulfil the requirements of the role effectively and to contribute to the development of the strategic direction of the Company.

The independence of the Directors should be regularly assessed by the Board in light of the interests disclosed by them. Directors are expected to bring their independent views and judgement to the Board and must declare immediately to the Board any potential or active conflicts of interest.

The Board has established procedures for the selection and appointment of new Directors to the Board in line with the requirements of the Board Charter to ensure there is a formal and transparent procedure that promotes confidence and understanding in the process. Prior to formal appointments to the Board and new elections before security holders, the Board undertakes the appropriate checks as to the character, experience, education, criminal record and bankruptcy history of the proposed candidate. All material information relevant to a decision on whether to elect or re-elect a Director will be provided to security holders in any notice of meeting, pursuant to which the resolution to elect or re-elect such Director will be voted on.

The Board has a written agreement with each director and senior executive setting out the terms of their appointment.

The Board is responsible for the appointment of the JCurve's Company Secretary. David Franks, of Automic Group, has been appointed as Company Secretary to the Board and each Board Committee, and attends all meetings of the Board and Committees as required. The Board Charter outlines the role, responsibility and accountability of the Company Secretary. The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board. All Directors have access to the Company Secretary.

The Board Charter was last reviewed and updated on 30 June 2021 and copy of the Charter can be found on the Company's website [here](#).

Director Independence

A Director is only to be regarded as independent if the Director is independent of management and free of any business or other relationship that could materially interfere with or could reasonably be perceived to materially interfere with the exercise of the Director's unfettered and independent judgement.

In considering whether a Director is independent, the Board considers guidance on independence set out in Corporate Governance Recommendation 2.3, and other facts, information and circumstances that the Board considers material.

CORPORATE GOVERNANCE STATEMENT

23 August 2022

The Board assesses the independence of each director in light of interests disclosed by them.

The assessment of whether a Director is considered independent (both from the perspective of the Company and the Director) is based on the following materiality thresholds:

- payments made by the Company to the Director or any of his associated entities for the provision of goods and/or services does not exceed 10% of the annual gross expenditure of the Company; or
- payments received by the Director for the provision of goods and/or services to the Company does not exceed 25% of the annual income or business turnover of the Director or his associated entities.

Having regard to the criteria impacting independence as outlined in Corporate Governance Recommendation 2.3 and the above materiality thresholds the following directors are considered to be independent:

Mr Bruce Hatchman (appointed 27 November 2014); and
Mr Martin Green (appointed 18 January 2021).

Mr Mark Jobling (appointed 8 April 2015) and Mr Graham Baillie (appointed 26 August 2019) are not considered independent due to being substantial shareholders.

The Board is currently not made-up of a majority of independent directors, however the Company is satisfied with its current composition noting that it meets all required skills per the skills matrix, and if/when the Board is looking to appoint a new director, the Board will consider favourably an independent director.

The Recommendations suggest that the Chairperson should be an independent director. Despite his substantial shareholding in JCurve Solutions Limited, the board views Mr Jobling as the best person to continue to fulfill this role and discharge the associated duties at this stage of the company's development, notwithstanding his position as a substantial shareholder.

The role of the Chairman is not carried out by the CEO.

Performance Evaluation Procedures

The Board has established formal processes to review its own performance and the performance of individual directors, the committees of the Board and key executives, as necessary.

As part of the review of the performance of the Board, the appropriate size, composition and terms and conditions of appointment to and retirement from the Board are considered. The level of remuneration for non-executive directors is considered with regard to practices of other public companies, external professional advice (if considered necessary) and the aggregate amount of fees approved by shareholders and otherwise in accordance with the remuneration policies established by the Board.

Other issues examined in the review include the Board's interaction with management, the type of information provided to the Board by management and management performance in helping the Board meet its objectives.

The Chief Executive Officer is responsible for evaluating the performance of senior executives against performance indicators established for senior management.

The Board is responsible for evaluating the performance of the Chief Executive Officer against set strategic, operational, financial, human resource related and risk management criteria.

During the reporting period:

- ongoing performance evaluations for the Board, Committees and Directors took place in accordance with the process disclosed;
- the Chief Executive Officer conducted performance appraisals of other key executives' performances against specific and measurable qualitative and quantitative performance criteria and this review was overseen by the Remuneration and Nomination Committee. This evaluation was in accordance with the process disclosed above; and

Policy for Trading In Company Securities

Trading in the Company's securities by directors and employees is not permitted when they are in possession of unpublished price sensitive information. Any transactions undertaken by the Board must be notified to the Chairman in advance for approval before dealing in the Company's securities.

Directors, officers and employees must not buy, sell or subscribe for securities if they are in possession of 'inside information' (information that is not generally available and, if the information were generally available, a reasonable person would expect it to have a material effect on the price or value of securities). The Corporations Act 2001 provides that a reasonable person would be taken to expect information to have a material effect on the price or value of securities if the information would, or would be likely to, influence persons who commonly invest in securities in deciding whether or not to subscribe for, buy or sell the securities.

Subject to the insider trading restrictions above, it is the Board's policy that Directors, officers and employees will not trade in the securities during the period of preparation of the quarterly (if applicable), half yearly and annual financial results for release to ASX; the period of preparation of a disclosure document offering securities in the Company for release to ASX; and whilst in negotiations in respect to material acquisitions.

As contemplated in the ASX listing rules, each Director provides notice of such dealings to the Company Secretary immediately of any such dealing to enable the Company to comply with its corresponding obligation to notify the ASX.

Any employees participating in equity-based remuneration schemes are prohibited from entering into transactions in associated products which limit the economic risk of their unvested entitlements (as outlined in the Company's Share Trading Policy).

A copy of the Security Trading Policy can be found on the Company's website [here](#).

Audit and Risk Committee

The Board has established a separate Audit and Risk Committee to advise and support the Board in carrying out its duties. Matters determined by the Audit and Risk Committee are submitted to the full Board as recommendations for Board consideration.

For the full year, the composition of the committee has comprised three members, all non-executive directors, majority of whom are independent.

Mr Bruce Hatchman (Committee Chair and independent non-executive director), Mr Martin Green (independent non-executive director) and Mr Graham Baillie (non-executive director) were members of the Audit Committee. Two of three current committee members detailed above are independent directors.

The Recommendations suggest that the company should structure the Audit, Risk & Compliance Committee with an independent Chairperson, who is not the Chairperson of the Board. The Chairperson, Mr Hatchman is considered to be an independent director and Mr Hatchman is not the Chairperson of the Company.

CORPORATE GOVERNANCE STATEMENT

23 August 2022

Details of the qualifications of committee members and attendance at committee meetings are set out in the Directors' Report in each year's Annual report within the Directors Report.

The audit and risk committee operates in accordance with a written charter. The audit and risk committee oversees risk management, accounting and reporting practices, and is also responsible for:

The Company does not have an internal audit function, due to the size of the Company. The responsibility for undertaking and assessing governance, risk management and internal control effectiveness is delegated to the Audit, Risk & Compliance Committee under the Audit and Risk Charter. Management is required by the Board to assess governance, risk management and associated internal compliance and control procedures and report back on the efficiency and effectiveness of risk management.

The Company's external auditors perform a half year review and full year audit as required under the Corporations Act 2001. The Audit Committee have regular meetings and contact with the external auditors during the year and for the review and audits.

The Company adheres to its Risk Management Policy and Procedures, including management of its risk management and internal control processes.

A copy of the Audit and Risk Committee Charter can be found on the Company's website [here](#).

The Chief Executive Officer and Chief Financial Officer provide assurance to the Board that the declaration provided in accordance with section 295A of the Corporations Act 2001 is founded on a sound system of risk management and internal control, and that the system is operating effectively in all material respects in relation to financial reporting risks. In addition, reporting of the management of the Company's material business risks forms part of routine management reporting to the Board and review by the audit committee.

The Board has received such confirmation from the Chief Executive Officer and Chief Financial Officer in respect of the HY2022 and FY2022 Financial Statements up to the date of this report.

Pursuant to the Company's Continuous Disclosure Policy, ahead of any new and substantive investor or analyst presentations, a copy of the presentation materials must be released to ASX (even if the information in the presentation would not otherwise warrant a market disclosure). Further, the Company Secretary is required by the policy to ensure that the directors of the Board receive copies of all material market announcements promptly after which they have been made to the ASX.

The Company holds an AGM each year and incorporates a period of time to participation of security holders during and following the meeting. At the meetings of security holders, all substantive resolutions are decided by a poll rather than a show of hands. The Company encourages shareholder participation at general meetings. Shareholders who are unable to attend general meetings are encouraged to lodge proxy appointments in advance of the meetings.

The risk management policy outlines the roles and responsibilities of the Board and management in respect to risk oversight and management and the Company's process of risk management and internal compliance and controls.

The Board is responsible for the establishment, oversight and approval of the Company's risk management strategy, internal compliance and controls. The Board is also responsible for ensuring that the entity is operating with due regards to the "risk appetite" set by the Board, and such a review has taken place for the period ended 30 June 2022.

- a comprehensive annual insurance program;
- strategic and operational business plans; and
- annual budgeting and monthly reporting systems which enable the monitoring of performance against expected targets and the evaluation of trends.

The Chief Executive Officer reports to the Board on a periodic basis as to whether all identified material risks are being managed effectively across the Company.

During the year, ongoing monitoring, mitigating and reporting on material risks by senior executives, the Audit and Risk Committee and the Board took place in accordance with the process disclosed above.

Nomination and Remuneration Committee

The Board has established a Nomination and Remuneration Committee Charter which outlines the overall strategies in respect to director and executive remuneration and the processes surrounding new Board appointments to ensure an appropriate mix of skills and experience to properly fulfil its responsibilities. In relation to the nomination and appointment of new directors, The Company has in place an external supplier to undertake appropriate checks on any potential director appointments;

CORPORATE GOVERNANCE STATEMENT

All Directors are encouraged to undergo continual professional development and, subject to prior approval by the Chairman, all Directors may have access to various resources and professional development training to address any skills gaps. The Board is continually informed by Senior Management of key developments in the Company's business and the industry in which the Company operates.

The Board recognises that there are occasions when directors believe that it is in their best interest and the interest of the Company to seek independent professional advice. Following consultation with the Chairman, directors can seek independent professional advice at the Company's expense, in fulfilling their duties.

During the year, the Board assessed its mix of skills and diversity through implementation of a board skills matrix. This assessment was updated as required throughout the year. The Board achieved its assessed skills rating for all criteria's, being for skills in Financial/Audit, Legal/Governance, Investor Relations, Risk Management and Compliance, Human Resources/Remuneration, IT/Technology, Marketing/Social Media, Strategic Planning, Government Affairs, Policy Development, Executive Management, International Experience, Listed Company Director Experience, Accounting Industry Experience, TEMS Industry Experience, Software Development Experience, Software Management Experience and Project Management Experience.

- nominations for potential director candidates.

The Nomination and Remuneration Committee composition has complied with the recommended composition of the committee, being three members, all of which are non-executive directors and majority of whom are considered independent. However, the Chairman is not considered independent.

Recommendation 2.1 suggests that the Chairman of the Nomination and Remuneration Committee should be an independent director. Despite his substantial shareholding in JCurve Solutions Limited, the board views Mr Jobling as the best person to continue to fulfill this role and discharge the associated duties at this stage of the company's developments, notwithstanding his position as a substantial shareholder.

Mr Mark Jobling (Chair and non-executive director), Mr Martin Green (independent non-executive director) and Mr Bruce Hatchman (independent non-executive director) were members for this financial year.

In line with Corporate Governance Recommendations the Company distinguishes between the remuneration of non-executive directors and senior executives. When determining non-executive director remuneration, the Board will take into account recommendations that:

CORPORATE GOVERNANCE STATEMENT

23 August 2022

- Non-executive directors should normally be remunerated by way of fees, in the form of cash, non-cash benefits, superannuation contributions or salary sacrifice into equity. They should not normally participate in schemes designed for the remuneration of executives;
- Non-executive directors should not receive options or bonus payments; and
- Non-executive directors should not be provided with retirement benefits other than superannuation.

The Board will consider the current circumstances of the Company and whether equity participation by way of the grant of options or other equity scheme to members of the Board is appropriate having regard to the services provided by the non-executive director.

JCurve Solutions' current remuneration practices are set to enable the company to attract and retain highly talented and motivated directors, executive management, and employees. The Remuneration Report details and discloses the annual remuneration for key management personnel and fees paid to non-executive directors. Non-executive directors are paid their fees in cash, including statutory superannuation contributions. They do not receive any bonus payments nor are they entitled to any payment upon retirement or resignation.

A copy of the Nomination and Remuneration Committee Charter can be found on the Company's website [here](#).

Diversity

Recommendation 1.5 states that companies should have and disclose a diversity policy or a summary of that policy. The policy should include requirements for the board to establish measurable objectives for achieving gender diversity and for the board to assess annually both the objectives and progress in achieving them.

The Company recognises that a talented and diverse workforce is a key competitive advantage and that an important contributor to the Company's success is the quality, diversity and skills of its people.

Under the Company's Code of Conduct, employees must not harass, discriminate or support others who harass and discriminate against colleagues or members of the public on the grounds of sex, pregnancy, marital status, age, race (including their colour, nationality, descent, ethnic or religious background), physical or intellectual impairment, homosexuality or transgender. Such harassment or discrimination may constitute an offence under legislation.

A copy of the Diversity Policy is available on the Company's website [here](#).

As at 30 June 2022 and 30 June 2021, the Company had the following number of women employed at the following levels:

Description	No. of Women 2022	Proportion of Women 2022	No. of Women 2021	Proportion of Women 2021
Whole Group	56	52%	33	49%
Management positions	7	41%	3	21%
Board members	0	0%	0	0%

The Company does not presently have measurable objectives for the representation of women employees in senior executive positions and on the Board. However, the Board will continue to seek to promote and increase diversity within the organisation as positions of employment and appropriately skilled candidates become available.

Further, the Board Charter also prescribes that if the Company is in the S&P / ASX 300 Index at the commencement of a reporting period, the measurable objective for achieving gender diversity in the composition of the Board will be to have not less than 30% of its directors of each gender within a specified period.

The Company defines 'senior executive' or 'management positions' as those persons who have the responsibility for planning and directing their business division's operations.
